

PROFESSIONAL SERVICES

As the telecom arena changes and technological developments continue, so do the policies and regulations.

We stay up to date with ISED Canada and CRTC policies regarding the Canadian telecom industry, activities under the auspices of the Canadian Interconnection Committee (CISC), and activities by standard development bodies such as ATIS.

WHY CHOOSE US

- ✓ We operate the Canadian Numbering Administrator (CNA), the entity responsible for administering and issuing telephone numbers and other telecommunications codes in Canada.
- ✓ Experienced organization that is quality focused.
- ✓ Extensive numbering and interconnection experience.
- ✓ We assume 100% responsibility for various-size projects, thus alleviating our customer's headaches.
- ✓ We partner for the long run.
